How to gain access to the Platform Orientation courses

Question

I do not have access to the "default" Platform Orientation course. How can I gain access?

Answer

MENTOR Canada's Platform Orientation course should appear within an hour of your program being created.

Please contact support@mentoringcanada.ca if the courses have still not appeared after 2 working days.

 If you have questions or need further support, please contact our Support Team: support@mentoringcanada.ca

Instructions for linking Program's specific LMS

Question

Where can I find the instructions for linking Mentor City to my program's specific LMS?

Answer

Please navigate to the 'Quick References for Program Administrators' book within our *MentorCity E-mentoring Platform* shelf to gain access to the 'Design Courses & Mentoring Activities' instructions.

 If you have questions or need further support, please contact our Support Team: support@mentoringcanada.ca

Meta Tags

Question

What does the 'Meta Tags' function within Courses do?

Edit Theme

Themes Title

Badge Icon Text

Meta Tags

Answer

Meta Tags allow admins to categorize courses by using searchable key words.

If/when the courses section is full of several courses, those key words will help mentors/mentees to search for and quickly access courses.

If you have questions or need further support, please contact our Support
