

How to increase the length of mentoring relationships?

Question

Can the 'Length of Relationship' options be increased for programs with longer commitment periods?

Answer

For Programs that wish to increase the standard options provided for the length of Mentoring Relationships, please follow the steps below.

Step 1: Under customize, select 'Mentoring Agreement'.

Customize

- Industries
- Functions
- Competencies
- Specialized Skills / Development Areas
- Cities and Meeting Locations
- Company Policy
- Send Messages
- Maximum Number of Mentors and Mentees
- Profile Fields
- Program Evaluation
- Mentoring Agreement
- Deactivate Members
- Group Mentoring
- Discussions
- Resources
- Categories
- Events
- Surveys
- Email Logs
- Language Filter
- Courses
- Badges
- Announcements
- Archives

Step 2: Increase the Length of Relationship by using a monthly format; e.g., 36 = 3 years.

The screenshot shows a customization interface for a mentoring program. At the top, there is a dropdown menu labeled 'Select Order'. Below it, a text box explains that the 'Length of Relationship' field can be used to set a fixed length (e.g., 6 for 6 months) or allow members to select from a list of options (e.g., 0, 1, 2, 3, 4, 5, 6). The interface is split into two language sections: English and French. In the English section, the text reads: 'Length of relationship - How long are both of you willing to commit to this relationship? Some formal relationships can be as short as one month and as long as one year. Please note that for some mentoring programs they will specify the'. In the French section, it reads: 'Durée de la relation - Combien de temps voulez-vous consacrer à cette relation? Les relations formelles peuvent être aussi courtes qu'un mois et aussi longues qu'un an. Veuillez noter que la durée de la relation sera fixée pour certains'. To the right of each text box is a text input field containing the list of options: '0,1,2,3,4,5,6,7,8,9,10,11,12'. A red arrow points to the 'Mentoring Agreement' item in the 'Customize' list above.
